Friend/Relative Access

Give friends and family access to your account

You can use this page to let your friends and family have access to your account. They will get their own password and access, so they can view your activity and make deposits, using our automated attendant credit card process, without your assistance.

Add New User (up to 10 logins)

ADD

The STUDENT clicks on "Grant Guest Access" Then clicks on the "ADD" button and follows the instructions on how to add the parent as a guest.
